PETITION AND COMPLAINT

COMES NOW, Petitioner Pshatoia LaRose, and states the following:

Plaintiff alleges that Respondent, Sean Combs through the entities of Combs Enterprise and Combs Global, as well as individually, committed the acts of violating the intellectual property rights of Plaintiff's phone contents and conversations, which were re-used in publications, as well as the invasion of privacy and harassment. All ~~is~~ Defendants are included in this complaint. The Respondent caused harm and loss to Plaintiff both directly and indirectly through third party associations, horoscope script writings, and Respondent's brand. As a result of Respondent's actions, Petitioner has experienced severe financial loss and pain and suffering which has resulted in irreparable harm and loss to Petitioner. Plaintiff seeks damages of \$521 million. Plaintiff is requesting a Jury Trial.

Defendant has also violated the Lanham Act, which provides that "Any person who, on or in connection with any goods or services, or any container for goods, uses in commerce any word, term, name, symbol, or device, or any combination thereof, or any false designation of origin, false or misleading description of fact, or false or misleading representation of fact, which—(A) is likely to cause confusion, or to cause mistake, or to deceive as to the affiliation, connection, or association of such person with another person, or as to the origin, sponsorship, or approval of his or her goods, services, or commercial activities by another person." 15 U.S. C. § 1125(a)(1). Defendant allowed for infringement of Plaintiff's image and personal property through its ineffective protection of her data privacy, and is thus liable under the Lanham Act.

Defendant has already made a settlement to another party, Cassandra Ventura, for similar claims to Plaintiff's, and there are other cases ongoing involving Defendant. Defendant has been in the news frequently regarding similar cases and allegations. Four women, including Ms. Ventura, have filed against Defendant for abuse and sexual assault, filing in the New York Superior Court. In a similar case, the United States District Court for the Southern District of New York awarded damages to E. Jean Carroll against former President Donald Trump.

Petitioner respectfully asks this Court for damages owing from Defendant's conduct, as well as for an order for Respondent to disclose all horoscope websites that he operates or is associated with, as well as for any other relief that this Court may deem proper.

Respectfully submitted,

Pshatoia LaRose
Plaintiff

Scorpio Horoscope for Tomorrow

Expressing yourself and sharing ideas can be tough as thoughtful Mercury collides with pessimistic Saturn in your house of self-expression. Not trusting your intelligence and originality can lead to a creative block. At the same time, you might feel compelled to convince someone that your ideas are on point.

Everyone has their off days. Don't push it if you're not feeling inspired. Tomorrow is another day. With the sun in your backstage realm, your vibe is pretty laid back. As the sun collides with sociable Venus, you may question whether you have the energy for a date or get-together. Doing something lowkey may be enjoyable. Are you biting off more than you can chew? If you're dear Scorpio, in your efforts to impress someone, you might be saying yes to more than you should or agreeing to something that you don't really feel is wise. If you're saying yes, you can put it off for maybe a while, but even if you do, will you regret yourself later on for having done so? Or will you resent the other party for the choice you made? Think about it before you say yes to a request or before you volunteer for something that might just be too much to take on right now.

If there were a quick and easy way to cut soul ties, you'd be the first to pull out your celestial scissors. When it comes to removing toxic energy from your life, even the memory of an ex has to go.

The Moon entering Scorpio brings out the deep desire to seek truth. There may be a few things in the past you're holding on to that stop you from having the life you know you can live. Block the ex. Delete their number. It's time to move on.

just maybe not how you would originally expect! Love is an adventure within itself, and you may be embarking on a new chapter while go-getter Mars has a staring contest with unpredictable Uranus in your idealistic 11th house. The best rewards usually come after a period of uncertainty or upheaval. Combat any overwhelm by tapping into your toolbox of self-soothing techniques as you navigate this shift.

Scorpio Horoscope for Tomorrow

You tend to read too much into things as perceptive Pallas merges with the South Node in your mysterious twelfth house. When you connect the dots, they're unlikely to reveal the crimes and misdemeanors that you envision. Don't let paranoia drive you and everyone else crazy. Jumping to the wrong conclusions can be disastrous. Instead, redirect your attention toward verifiable facts. Likewise, a crippling fear may have no basis in reality. All signs indicate that it's in your head. Doing something you don't think you can do can annihilate your insecurity on the spot. Instead of investing in your fears, bank on your ability to figure things out.

home and snuggle with your sweetheart. Unfortunately, you probably have other responsibilities. Asking for a date night disguised as a run for errands may let you connect and get stuff done at the same time. Knowing when to minimize and when to pause should help navigate any stressors on your to-do list.

Should you hold on or move on?

Aug 25, 2023 - The planetary aspect that is forming may encourage you to be you more extravagant than you can actually afford. There is only so much in your pocket and you may feel so trusting in the boundlessness of the universe to bring all you need that you want to take the special person in your life out for a really good meal. Just be sure you really do have the funds.

Happy Birthday, Ma!

Luke 1:45-48 KJV - And blessed
she that believed: for there shall be
a performance of those things
which were told her from the Lord.
46 And Mary said, My soul doth
magnify the Lord,
47 And my spirit hath rejoiced in
God my Saviour.
48 For he hath regarded the low
estate of his handmaiden: for,
behold, from henceforth all
generations shall call me blessed.

What if we said you are more than the stories you've been told about yourself? What if we said you are infinite and so is the possibility of what you can co-create? This is your reminder to examine the old narratives. To examine the weight of other people's expectations. The dark moon is offering you the perfect opportunity to release the past, to do what you need to in order to be free. So, be free. Empty your mind of the dos and the don'ts as you allow for fresh inspiration to come through. The entire Universe will conspire to bless you with what you need and what you want when you are in alignment with your truth.

The week ahead sees you booked, blessed and busy! You're pursuing your soul's calling.

You're dedicating yourself to that which brings you joy *and* enables you to bring more lightness and brightness into the big, bad world. There's no such thing as perfect.

However, this is as close to perfect as it gets, beautiful one. In the realm of romance, you're likely to experience a va-va-voom connection with somebody who's been in your orbit for a while now. Is there more to this connection than just chemistry, though? To avoid misunderstandings later, be clear about your thoughts and feelings from the start.

This is the week to be booked, blessed and busy, Virgo! This is the week to show up as the star of every show as you inspire your fellow travellers to follow their bliss. Something tells us you are ready to co-create magic with those you feel that creative chemistry with. As such, this ~~is~~ also a time to awaken the good samaritan within. To think of ways in which you can support and uplift the collective. The secret to living a fulfilled life: placing service at the front and centre of everything you create and offer.

The message of a tough experience may have been to keep going, and do something while the results of our inspection may have been emotional immaturity. Let Your may have taken on too much on your plan, and have envisioned things unfolding in a certain way and they may have turned out as something else, but that doesn't matter now. Could haves, would haves, should haves don't make life. The *Now* does. So try asking yourself - what can I do *now* to feel like I'm walking my talk and leave the rest to your angels and guides.
